COMMENTS BY STUDENT CONGRESS PRESIDENT:

Although this resolution passed Student Congress, I do not believe that implementing such a policy would truly be in the best interest of all students. Due to relevant information given in the committee report with regard to the spending of profits accrued from vending machines, my recommendation is to leave vending machine prices as they currently stand.

COMMENTS BY VICE PRESIDENT FOR STUDENT AFFAIRS: (received 2/4/92)

Perhaps some factual information regarding use of vending machine income, the University's current financial situation, etc., would be helpful to Student Congress.
