

Resolution 24-19

"Pedal Power"

Authored by:	Adib Kadir
Sponsored by:	Leslie Huynh
Date Submitted:	10/17/2024
Date Considered:	
Committee:	Community Affairs
Whereas:	Parking on campus has been increasingly difficult to obtain, it being served on an extreme first come, first serve basis, and;
Whereas:	UTA hosts a large number of out-of-state and international students who do not plan to own a car within their limited stay in Texas, and;
Whereas:	Bicycles offer a cheaper and more eco-friendly alternative to cars, and;
Whereas:	There is a shortage of bicycle racks/stands on campus, and;
Whereas:	The large number of Veo Scooters also takes up some space in the bike racks otherwise to be used for bicycles;
Be It Therefore Resolved That:	More bicycle racks/stands be installed around campus, especially close to popular locations so students can park their bicycles.
